

Dear Friend,

As we bid farewell to 2023, I'm deeply grateful for your steadfast support, which has been instrumental in Christ's Family Clinic's achievements this year.

Our response to the increased demand for primary care in Dallas earlier this year was pivotal. Through proactive measures initiated by our Board, such as extending physician hours, we've witnessed remarkable progress. Reduced appointment wait times have ensured more patients receive timely care, contributing to our community's well-being.

The recent event at The SMU Meadows Museum was a testament to our collaborations. Inspiring speeches by Brad Cheves and a moving testimonial from Alex Santos, a beneficiary of our Clinic's services, showcased the impact of our work. Alex memorably stated, "The Clinic helped build a better future for my family."

We're thrilled to welcome six passionate new board members. Their diverse expertise further strengthens our strategies to better serve our community. Please mark your calendar for our upcoming **Art of Caring Dinner on February 29th, 2024, featuring guest speakers Diane and Daryl Johnston**. It promises to be an inspiring evening in support of our mission!

Please consider making a donation to Christ's Family Clinic as part of your holiday giving. Your ongoing generosity directly fuels our ability to expand our reach and provide essential healthcare. Giving a donation in someone's honor is a wonderful Christmas gift. Please reach out to me if you would like to do so. Your contributions make a tangible difference in countless lives, and for that, we are profoundly grateful.

Warm regards,

Haley Dale, Executive Director
